Book Smarts: These glasses are able to pass visual information through the optic nerves exponentially faster than normal. With these glasses, one can simply flip through the pages of any book and instantly process the information in their brain as if they read the entire thing!

HOW IT WORKS

THESE GLASSES HAVE A SPECIAL CHIP THAT ANALYZES THE INFORMATION ON THE PAGES. ONCE THE CHIP HAS THE INFORMATION, IT IS IMMEDIATELY TRANSFERRED DIRECTLY THROUGH THE EYES INTO THE OPTIC NERVE THAT LEADS TO THE BRAIN. THE WHOLE PROCESS HAPPENDS WITHIN MILLISECONDS.

THIS DEVICE

Not only, can you read exponentially fast, you can also read in any other language. With the audio translator feature, it will translate books in other languages so you don't have to limit yourself to just your language. You are able to learn other cultures without having to travel.

PRICING

Glasses: \$1,000

Glasses with translator: \$1,100

APPLICATION MANAGEMENT

These glasses come with a lifetime warranty. If they break or mess up in any way, you can pay \$100 to receive a brand new pair. Just send yours in and we will send you another pair.

YOUR EXPERIENCE

Customers will be able expand their education while also having time for a job and a social life. These new glasses will make it possible to live life as they please instead of spending hours behind a book.

TESTIMONIALS

"I am a single working mom with 3 kids. Reading was never an option before. Now, I was able to finish my masters degree and read for pleasure with book smarts." – Rachel Green

"I got book smarts because I wanted to study abroad and I wanted to work on my spanish. Now, I am almost fluent." Monica Gellar
