Students: Reflect on your experience by answering statements below:

Tasks/Responsibilities

Selecting and facilitating Specific activities,
Recording Progress.

What did you learn about recreation/TR?

You have to be able to read a
Child's body language to progress.

What did you learn about yourself?

Some times you run out of energy,
but you have to push through.

After your experience do you want to work in this setting or with this clientele? Why or Why not?

I still do. Despite any negative
experience, it's still out weighed by
the positives (for both them and me).
