Wizard Wash

Things that make our machine stand out from the rest:

The Wizard Wash increases efficiency by 87% compared to other machines!

Don't worry about oversized washer and dryer machines. The Wizard Wash is a compact size machine that is only 20 inches wide, 22 inches deep, and 30 inches tall.

This appliance reduces the amount of heat in a normal drying machine and it decreases the amount of detergent used. The Wizard Wash encourages everyone to Go Green by using their machine.

The Wizard Wash is only priced at \$600 compared to most washing machines only of a price of \$750 and above.

Our Machine,

Is a stress free machine as it combines many laundry tasks into one. No more need for separate white and color loads or to move your laundry from one machine to the other!

Is a timely and efficient machine that will wash, dry, and fold your clothes all within the hour. In fact, it is so efficient that it only takes 20 minute for each wash and dry cycle, leaving time for it to fold your clothes perfectly for you!

Is a precise machine that knows how to fold all types of clothing items. Have a particular way you want certain clothing items folded? Go to the settings options and program that folding style in as the default for those clothing items!

"This is the MUST-HAVE appliance in your life. It changes the way you spend your time." -Oprah Winfrey

With the Wizard Wash:

You will feel more at ease in your everyday endeavors as laundry will be one less thing you need to think about.

You will spend less time waiting for your clothes to finish and folding them as this machine does it ALL, washing, drying, and folding, in just one hour.

You will be caring for the environment as our eco-friendly machines use 50% less power than normal machines, are made from recycled and sustainable materials.

Frequently Asked Question:

Can the high speed of the Wizard Wash potentially ruin delicate clothing? -Audrey Jones

Good question, Audrey! To make sure clothes are safe, the Wizard Wash will automatically place any delicate clothing into the mesh bag compartment of the washer, keeping your clothes safe from the speed!
