HOW IT WORKS

The fridge's innovative and retractable wristband connects to your arm, and through neurotransmitters and pulse reading, determines your cravings.

In less than 30 seconds, the fridge produces a fresh and delicious version of what you desire!

Don't necessarily want to use the iFridge's technology? That's okay, it doubles as a normal fridge, too!

iFridge is family friendly, FDA approved, and completely customizable to you and your family's needs.

The options for programming include but are not limited to gluten-, sugar-, and allergen-free diets.

This spectacular fridge can memorize the foods you cannot eat and will exclude these ingredients from your meal!

Don't want your kids having unlimited food options? iFridge has parental controls!

CUSTOMIZE FOR YOUR NEEDS

INVEST IN THE FUTURE

Fill every stomach at the table, without all the fuss, and at the click of a button.

The iFridge can cost anywhere from \$1,300- \$2,000 depending on your size, finish, and possible upgrades.

The iFridge is not only reliable, but it is reasonable in price and sure to make everyone happy!
