

Here is footage of one of our many drones in action!

## Introducing the fastest way of food delivery

## **Flying Food**

Here at flying food we are committed to making sure your experience with us is fast and painless.

We are an air delivery service that is able to fly your food straight to your door steep.

Equipped with cameras for your safety!

All orders can be made on our app that can be downloaded on both the Apple app store and the google play store. Our drones use GPS technology to make delivers a safe and convenient process.

Limited to participating locations

All customers are expected to pay a delivery fee of 25% of the order

All delivers are ensured of any accidents made during the delivery process

For a limited time we are offering \$5 delivery on all deliveries during the month on March!
