

Writing book

- love the Writing workshop section
 - ↳ includes how to mini lesson
- Problems to explore in fiction
 - ↳ ideas for PBL using mentor text
- Follow up lesson + assignment for every activity
- Like that it's geared toward older grades
- Shows re-producables + mentions posters, but no CD or links provided
- a little outdated
 - ↳ use of overhead transparencies
- each section is its own lesson.
- covers genre, processes, topics, conventions,
- Reproducibles in an accompanying notebook
 - ↳ (must be sold separately on Amazon)
- No sources page?
- I like how specific the lesson plans are
