

Our goal of proof paint is to ensure an environment that is comfortable and quiet for all our customers.

~ "Built a home movie theater and this was perfect for making it quiet throughout other parts of our house" - Margaret W.

*"Proof Paint has completely surpassed our expectations. This is simply unbelievable! I am really satisfied with my Proof Paint."
- Shani E.*

Our Product

Proof Paint has a super thick formula that has the sound insulation capabilities of spray foam and cork. This easy to apply paint is strong enough to sound-proof home movie theaters, apartments, garages, basements, etc.

This luxurious paint can vary in cost depending on the size needed and the color typically ranging from \$50-\$100

See website for more details

“We don’t merely coat your home; we can help you realize your design dreams if you give us an idea of what kind of experience you seek.”

Only 1 Coat Needed!
