 \(
- - F 5. There's safety in numbers: the more people present at an emergency, the greater the chance that someone will intervene.
 - τ (6.) Nicotine is as addictive or more so than heroin, cocaine, or alcohol.
- べ 7. It's better to express anger to others than to hold it in.
- τ 8. People with schizophrenia have multiple personalities.
 - F 9. Psychiatric hospital admissions and crimes increase during full moons.
 - F 10. Criminal profiling is helpful in solving cases.
 - F 11. Alcohol warms the body.
 - T(12) People's typical handshakes are revealing of their personality traits.
 - F 13. Humans have five senses.
 - F 14. Awakening a sleepwalker is dangerous.
 - T 15. Women have better social intuition than men.
 - F 16. Sex makes advertisements more effective.
 - F 17. Opposites attract.
- F (18) Dogs physically resemble their owners.
 - F 19. Anatomically correct dolls are a good way of determining whether a child was sexually abused.
- × 7 20. Hallucinations are almost always a sign of serious mental illness or significant drug use.
- 7 21. Most people who commit suicide leave a suicide note.
- × T 22. The overwhelming majority of acts of domestic violence are committed by men.
- - T(24) Marital satisfaction consistently plummets after couples first have children.
 - F 25. Alcohol enhances sexual arousal.
- - F 27. Absence makes the heart grow fonder.
 - F 28. Terminally ill people can often "postpone" their deaths until after holidays, birthdays, or other personally significant days.
 - T 29. Mothers who talk to their children in baby talk slow down their language development.
 - T (30.) Holding a warm object can make us feel "warmer" toward other people.
