Dear Chief Officer of the Medical Service Center:

I am a recent graduate of Longwood University and I am writing to apply for the emergency medical technician position on the joint Air Force base. With a bachelor's degree in biology and a semester at Kapi'olani Community College EMT program, I am interested in a EMT position at your Medical Service Center. I am interested because of the outstanding service and my familiarity with military bases.

Through my coursework and training at Longwood University and Kapi'olani I have developed notable skills in communication and biological assessment. Gradually throughout my college career, I have developed skills through presentations, research, group work, and various courses like art, psychology, and English.

My experiences throughout my college career have taught me the importance of time management, organization, patience, and attention to detail. These skills will be applicable throughout my professional career as well as my time as an EMT. I am excited for the chance to apply to such opportunities and plan to utilize these skills for my future as a Physician's Assistant.

I look forward to discussing my application and qualification with you further and plan to follow up with you over the next few weeks. I am always available for further inquiries, please feel free to contact me at natalie.wood@live.longwood.edu or 757-707-4595. Thank you for your consideration.

Sincerely,

Natalie Wood
