

Neuroscience Studies

IF MAJORING IN...

Kinesiology (BS)

1. Kinesiology majors are required to take four courses in preparation for degree completion which also count as credits towards the Neuroscience Studies minor.

They include:

- i. BIOL 206 – Human Anatomy and Physiology (4)
- ii. KINS 215 – Exercise is Medicine (3)
- iii. KINS 386 – Biomechanics (4)
- iv. KINS 387 – Physiology of Exercise (4)

2. Because of the comprehensive nature of the major, no additional elective requirements are required.

However, the following courses are necessary to complete the Neuroscience Studies minor:

- i. PSYC 151 – Biopsychology or NEUR 105 - Introduction to Neuroscience
- ii. NEUR 321 – Behavioral Neuroscience
- iii. NEUR 405 – Interdisciplinary Neuroscience
