

La Agua Casa - "The Water House"

Sink into a one-of-a-kind experience and enjoy authentic Mexican cuisine!

Cozumel, Mexico's finest five-star restaurant... and it's 30 feet underwater!

Customers are seated in the dining area that is surrounded by a 180-degree view of the deep blue sea. Over 400 species of fish and sea animals swim by the restaurant each day, which makes for a breath-taking view during customers entire dinner.

"An experience of a lifetime! The view was to-die-for and the food was excellent!", says Angela Martinez. "My husband and I will return every year for our anniversary dinner."

Customers enjoy the complimentary fresh-baked chips con salsa or queso served when they are first seated, while soaking up the scenery. By-the-way, pictures and videos are encouraged!

This escapade is not only known for its unique location and panoramic view, the menu is filled with authentic Mexican options that will please your taste buds! A few famous entre options on the menu include:

- Authentic Mexican Chalupas

3 crispy shells topped with queso fresco, shredded lettuce, fresh cilantro, your choice of shredded chicken or pork, and salsa. Served with rice and beans.

- Traditional Mexican Tostadas

2 corn tortillas with ground beef seasoned to perfection, refried beans, diced tomatoes, onions, and lettuce, followed by queso fresco or your choice of cheese and salsa verde. Served with rice and beans.

- Hatch Green Chile Enchiladas

3 rolled corn tortillas, chopped onion, shredded jack cheese, shredded chicken breast, topped with Hatch Green Chile sauce in mild, medium, or hot. Served with rice and beans.

- Mexican Tortilla Soup (Sopa Azteca)

Pasilla chile and tomato soup topped with creamy avocado, jack cheese, and Mexica crema served with chips.

La Agua Casa is the world's only underwater restaurant. This restaurant is committed to providing customers with the perfect balance of fine dining and adventure.
