PARCEL PUP

DALHAN ENGINEERING CORP
EST 2018

Fido finally fetches!

WHY BUY PARCEL PUP?

- Never go without an item again
- Help save the environment by eliminating driving back for something you forgot at the office
- Helps carry your items from point A to B
- Ease of use
- Able to help those who are disabled with household chores

HOW PARCEL PUP WORKS

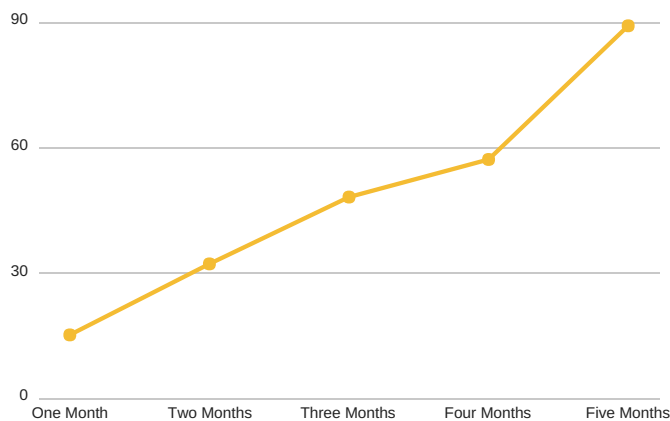

- Control through smartphone via Bluetooth
- Walk Parcel Pup once to allow it to learn the route
- Sleeps in patented Doggy House when not in use to charge
- Learns via mounted camera to identify correct user items
- Traverses all terrain due to special track pads on feet

Parcel Pup eases the lives of its users. Imagine a day where forgetting items at home never happens again. With a click of a button your personal courier service brings any item to your location in a matter of minutes. Who says you can't do two tasks at once? With our easy-to-use guarantee, Parcel Pup is both affordable and crucial to today's needs.

The numbers don't lie! You get more done with Parcel Pup!

% increase of productivity by month after purchase of Parcel Pup

OUR C.E.O.

DalHan ensures that our devices are made with the consumer in mind. Our software is based on the Boston Dynamic's Robot Dog hardware which has already proven to be safe and successful. -Nel Reece

OUR PROMISE TO YOU

DalHan Engineering Corporation strives to introduce new, innovative technology to the public. When life is going ruff, invest in the Parcel Pup.
