Simon Harpal
President
Sleep-Eaze
1850 Capital Ave.
Los Angeles, CA 90210

Dear Mr. Harpal:

Subject: Fit-R-Us equipment added into Sleep-Eaze Hotels

As making your guest your number one priority at Sleep-Eaze, you make sure that all guest feel at home while on the road. Exercise is a part of many people's daily routine, over 30% of Americans exercise every day.

Fit-R-Us has all types of fitness equipment such as: treadmills, exercycles, rowing machines, elliptical trainers, weight machines, barbells, and dumbbells. These are all everyday workout machines that people use on an everyday basis. We have several different packages that include a variety of different equipment that is listed above, the prices of these packages are significantly lower than our competitors.

Delivery and installation come with all packages. We want to guarantee you are a hundred percent satisfied with the equipment before we ever leave a site. We also have a 5-year warranty on all equipment, so if something ever goes wrong with it we will replace it.

Adding our equipment into Sleep-Eaze Hotels will not only make your guest feel at home but will also help attract a wider range of clientele. This could set you apart from competing competitors because a guest might want a gym during their stay. Fit-R-Us has provided many other hotel chains with top of the line equipment, and your chain would be a perfect addition.

Please respond with interest by March 1st, 2018 as we are running a special deal for all potential clients. Attached you will find a flyer that explains the different packages and the limited time price. You can also find more information on our company at www.fitrusequipment.com.

On behalf of the Fit-R-Us company, we thank you for your consideration.

Yours truly,

Ellen Chang
