

THE ATHLETIC TRAINER

the 5 W's explanation

Have you ever wondered what an Athletic Trainer does? We are more than just a water carrier for athletes, and we are not personal trainers either. Read on for a concise explanation of our profession!

1 NATA MISSION STATEMENT

To enhance the quality of healthcare for athletes and those engaged in physical activity, and to advance the profession of athletic training through education and research in the prevention, evaluation, management, and rehabilitation of injuries.

2 EAGLES MISSION STATEMENT

To enhance the athletic ability and quality of life of all athletes that come to us for assistance when injured physically or even mentally. We strive to provide the most beneficial healthcare for our patients while also prioritizing the upmost respect and compassion for the athlete, coaches, family members, and fellow staff.

3 WHO WE ARE

Athletic trainers are highly qualified, multi-skilled health care professionals who render service or treatment, under the direction of or in collaboration with a physician, in accordance with their education, training and the state's statutes, rules and regulations.

On the Eagles team, we have 7 physicians, 4 athletic trainers, and 3 athletic trainer/physical therapists!

4 WHAT WE DO

5 Domains:
Injury & Illness Prevention & Wellness Promotion
Clinical Examination, Assessment, & Diagnosis
Immediate & Emergency Care
Treatment, Rehabilitation, & Reconditioning
Healthcare Administration & Professional Responsibility

5 WHEN WE ARE NEEDED

Athletic Training Services are necessary to provide prompt effective healthcare for physically active people.

When our Eagles are experiencing pain or an injury that restricts them from their daily or sport activities, we step in to provide care.

6 WHERE WE CAN BE FOUND

Simply: where physically active individuals are found
Examples: high schools and colleges, **professional sports**, amateur sports, sports medicine clinics, health clubs, industry, show business, and many more!

7 WHY WE ARE IMPORTANT

In a nutshell, we are the most skilled healthcare professionals to embrace our responsibility and duty to carry out the 5 domains of athletic training to the highest ethical standards possible. We make **personal and professional connections to our Eagles** that establishes the necessary trust to help our patients return to preinjury function.
