Dear Hiring Manager:

I would like to express my interest in the Registered Behavioral Technician position at your company. I was referred to your company and this position by Shelley Murawsky, Behavioral Analyst. With a Bachelor's degree in Sociology and a Family Studies concentration from Longwood University, I am excited about the opportunity to apply my knowledge and experience while becoming a part of your team.

During my coursework and internship at Longwood University, I was able to work with children at varying degrees of ability. At the completion of each session, I utilized the collected data to prepare documentation and reports of the session. Working as a project lead during my internship helped me to hone my communication skills as well as being able to collaborate as a group to complete the project.

I believe that my skill set and experience make me an excellent candidate for this position and I am excited about the opportunity to meet with you in person to discuss my qualifications in greater detail. I am available for an interview at your earliest convenience. Thank you for taking the time to consider and review my resume and application.

Sincerely,

Kiernan M. Quick
